the high valour displayed
by him at the time

2. Venkat Rao, who is
now the Zamindar of the
aforesaid 4 villages &
who resides in the Dhar-
war District, applies
for a loan of Rs. 45,000
in order to enable him
to redeem the villages from
the existing encumbrances,
and offers the same villages

Thus it will be seen that the
estimated total value of
the 4 villages is Rs. 1,05,000
yielding a net revenue of
Rs. 5332. The Amildar
states that although the
Inamdar is required to
pay water-rate at the
rate of Rs 4 per acre he has
been paying only Rs 3 per
acre on the ground that
the lands of the Inam villages
have been taken up for
the excavation of the channel
& that he has thereby lost
the revenue accruing from

those lands.

(7)

~~Government of India~~ (note. The question of water-rate appears to be pending before the 2^d Councilor.) —

The Amildar further states that if the Snam-dar's prayer for the reduction of the water-rate from Rs. 4 to Rs. 3 is not granted, the annual expenditure will be raised by Rs. 1000, nearly and the net ~~revenue~~ revenue of the villages will correspondingly decrease, and the value of the villages also will be reduced by Rs. 20,000 i.e. $(1,05,000 - 20,000) = 85,000$.

& that even then there is enough of security for the loan of Rs. 45,000 applied for by the Snamdar —

3. In Decr. 1898, the Dewan having called for information as to the old basis of the villages as per Samad

(8)

or as per final quit
rent register, the Dy
Commr was requested
to submit copies of

Note
Comparing this with the
present revenue of the villages, it may be stated
that a large extent of land
has since been brought under

(9)

cultivation -

5. If, as stated by the Amildar, Survey rates are in-

-troduced into the villages, if the water ^{rate} is finally fixed at Rs 4 only, the net revenue of the

villages will be Rs 4000 in round numbers, or more than this. The

loan of Rs. 45,000 is ~~therefore~~

half of the estimated value of the villages, viz 90,000 in round numbers -

and is within ~~the~~ (12 times 4000) 48,000 Rs.

Note In the case of Samun Rao & other members of Thip-paiya's family, a loan equal to 12 times the net revenue of the villages was granted. But Samun Rao asked for 15 times the net revenue of the villages belonging to him. He was told in reply that the matter would be considered after the introduction of the Survey & Settlement —

On the present case, the Dy. Commr. states that according to the latest accounts

(10)

furnished by the Survey-
-or, the net income is
Rs. 4,206-1-1, that ~~the~~ the
villages include a large
extent of wet lands irri-
-gated by river channels
and ~~the~~ the assessment ~~is~~
leviable on these lands has
yet to be finally fixed,
that the revenue of the
villages is likely to im-
prove under good manage-
-ment, & that the increase
anticipated by the Survey
and Settlement of the
villages is roughly esti-
-mated at Rs. 1,200 so that
the future net revenue
of the villages may safely
be taken to be at least
Rs. 4,000/- per annum -

②. Please see statement appended
to Dy Commr's letter No 1503
of 30 June 1898.

~~The Dy Commr~~ The Dy Commr
recommends that as the
loan applied for will not
under any circumstances
exceed 12 times the prospective
net income of the 4 villages

(11)

even deducting water-rate at Rs. 4 per acre, and as the security offered is good and sufficient, the loan may be granted on condition of the applicant redeeming the village from the present encumbrances.

6. The existing encumbrances are —

- (2) Taking the villages under the Govt management, and introduction of Survey & Settlement—
- (3) Making provision out of the revenues of the villages for the maintenance of the Sudder.

Dated Mysore 30 June 1898.

To

The Secretary to the Government of Mysore,
General and Revenue Departments.

SIR,

I have the honor to submit the accompanying file of papers ending with a.s.s.i No. 417 dated 13th May 1898 from the Amildar, Gedare Taluk, relative to the application of Venkata Rao, Inamdar of Gandharakalli and 3 other villages in that Taluk for the grant of a loan of Rs. 45,000 by Government on the security of his Inam to enable him to discharge the encumbrances existing thereon.

2. The total revenue of the 4 villages as per latest accounts furnished by the Inamdar is Rs. 8,008-2-11 and the net income after deducting expenses on account of Government dues etc is Rs. 4,206-1-1 as particularized in the enclosed statement

3. The water rate payable to Government by the Inamdar has been computed at Rs. 3 per acre with reference to previous correspondence ending with this office letter No. 565 dated 12 November 1897 on the subject application

for the levy of a reduced rate under the circumstances represented by him, but if the Government should be pleased to decide the question against him, the net revenue of the villages might fall by about Rs. 1000.

4. The villages include a large extent of wet land irrigated by river channels and the assessment impossible on these lands has yet to be finally fixed. The revenue is likely to improve under Government management and the increase anticipated by the survey and settlement of the villages is roughly estimated at Rs. 1200 so that the future net revenue of the villages may safely be taken to be at least Rs. 4,000 per annum.

5. The village of Deegnanahalli has been hypothecated to Hampapur Annajiengar for Rupees 2500 and Inamdar will make his own arrangements for the repayment of this debt and the redemption of the village.

6. The remaining 3 villages have been mortgaged (without possession) to Lawar Shabnamiya of Mysore for Rs. 29,000 and the interest which has accrued on the debt together with court costs payable under certain decrees said to have been obtained by him against the

Order thereon:-

In the year 1819, the
marginally named 4
villages having a levy
of 500 Kanthiraiji Pagodas
were granted as Sarva-
maneyu by H. H. the late
Maharaja Krishnaraja

Wadayar to ⁽²⁹⁾the applicants' father late Regimental Dar ^{in special recognition of} Krishna Das in appreciation of the valuable military services rendered by him - to the English in the battle of Mahidpur against the Holkar and of the high valor displayed by him ~~at the time~~. Venkat Das who is ~~the present~~ ^{is now} the Inamdar of the aforesaid 4 villages and applies for a loan of Rs. 45,000 in order to enable him to ~~redeem~~ ^{discharge} ~~the villages~~ ^{obtain} from the existing encumbrances, and requests that the villages may be held as security for the loan & taken under the management of Govt till the Govt debt is liquidated.

2. It is reported that the villages are encumbered to the extent of Rs. 47,550

(20)

as particularized below

- (i) Due to Hampapur }

the hypothecation } 2,550.
of the Degganahalli }

Note. The Dy Commr states that the Inamdar will make his own arrangements for the repayment of this debt and the redemption of the village.

- (ii) Due to Sowary }

Interest & Court Costs: 16,000

47,550

The Amildar estimates the aggregate value of the 4 villages at ~~Rs.~~ Rs. 1,05,000. From the Statement submitted by the Dy Commr shewing the revenue area of the 4 villages as per latest

(31)

accounts furnished by the
Inamdar, it is observed

that the revenue under
all heads amounts to Rs.
8008-2-11. & that deducting
therefrom the ^{expenditure} expenses
amounting to Rs. 3802-1-10,

the net income will be
Rs. 4206-1-1. The Dy Commr
reports that if the water
rate payable to Govt by
the Inamdar, who is now
paying only ^{at the rate of} Rs. 3 per acre,
on the ground that ~~the~~ certain
lands of the Inam villages
have been taken up for
the excavation of the channel,
be fixed by Govt at Rs. 4/- per acre,
the net revenue might
be reduced by Rs. 1000/-. He
further states that the villages
have not as yet been surveyed
and settled, that the increase
anticipated by the Survey
and Settlement is roughly
estimated at Rs. 1200, so that
the future net revenue may

	Revenue.
1. Gandanahalli	Rs. 3934-1-7
2. Deggenahalli	1206-12-8
3. Chenga	1146-4
4. Beeranahalli	1721-4-4
	<u>Rs. 8008-2-11.</u>

32

SAFELY be taken to be at least Rs. 4,000 per annum & that the revenue ^{of the villages} is likely to improve under Govt management. The Dy Commr recommends that as the loan applied for viz Rs. 45,000, will not, under any circumstance, exceed 12 times the prospective net income of the 4 villages even ^{now} deducting water-rate at Rs. 4/- per acre, and as the Security offered is good and sufficient, the loan may be granted. on Condition of the applicant redeeming the villages from the present encumbrances.

3. This case comes clearly within the scope of the Scheme for the relief of encumbered Inam dars. The (Ind. Govt P.O. No. 7835-42-8-1942-29) Grant of the Jagah was made in special recognition

of valuable services rendered
 to the State, and the annual
 income of the Jaghure ^{ESKATE DE ESKATE} ^{duam village} owing
 to the recent introduction
 of Kaveri irrigation has
 increased to an extent
 which renders feasible
 the adoption of a satisfactory
 Scheme for the repay-
 -ment of the required
 loan. These circumstances
 very materially differentiate
 the present application
 from those of some others
 which the Govt had to
 reject. The Govt ^{therefore} accordingly
 resolve to help the Jaghure ^{duam} Jaghure
 of Gandanaballi with
 the loan required to enable
 him to free the villages
 from existing encumbrances.

^A The loan of Rs. 45,000 is
 accordingly sanctioned
 on the following terms: - ||

(1). The villages to be taken
 under the management

34

of the Govt., free from all
encumbrances;

(2) The Revenue Survey & Settlement to be introduced into the villages as early as possible.

(3) Rate of interest to be 5% per annum.

(4) Annual payment both for interest and principal not to fall below Rs. 3,750 with liberty to the Govt. to increase the same after introduction of Survey and Settlement and subject to the obligation of the ^{borrower} ~~lender~~ to make good from other sources any falling off of net annual income below Rs. 3,750 above specified.

(5) During Govt. management, from gross income will be deducted all charges of ^{on account of} management, ~~cost of~~ establishment, Govt. dues, &c.

From the balance, the prescribed instalment for repayment

Subd.
This is the maximum
rate charged -
u

of loan (fixed at Rs. 3,750 now and liable to be increased hereafter) will be paid and the remainder if any will either be paid to the ²wardar (Jaghiardar) or, if he wishes it, credited towards the further reduction of the loan.

4. The Dy Commr is requested to carry out the above orders & get the required deed executed by the ^{Inamdar} ~~after per.~~ by satisfying himself that the villages ~~have all been~~ ~~fully released from the~~ ~~encumbrances~~ & report the result for the information of Govt.

5. As to the claim of the Inamdar for resumed water rate this matter should form the subject of a separate reference when orders will be passed in due course.
